Product Description

Product Description:

Our artificial plants are made with high-quality materials that are designed to look and feel like real plants. They come in a lush green color that is perfect for any modern design style. Whether you're looking to add some greenery to your living room, bedroom, or office, these plants are sure to impress.

One of the best things about our artificial plants is that they are waterproof. This means you can use them in areas where real plants wouldn't survive, such as in your bathroom or near a window that gets a lot of rain. Plus, you won't have to worry about watering them, which makes them ideal for those who have a busy schedule.

Our artificial plants are also low maintenance, which means you won't have to spend a lot of time taking care of them. Unlike real plants, you won't have to worry about trimming, fertilizing, or repotting them. All you have to do is dust them off from time to time to keep them looking their best.

Our artificial plants are available in 100CM size, but we also offer various sizes to fit your specific needs. Whether you want a small plant for your desk or a large one to fill an empty corner, we have you covered.

Please note that our artificial plants are not fire retardant, so they should not be used near open flames or heat sources.

Overall, our artificial plants are an excellent choice for anyone looking to add a touch of green to their home or office without the hassle of maintenance. With their modern design style and waterproof, low-maintenance features, they are sure to impress. They are perfect for Wholesale Home Indoor Decoration as they are easy to store, transport and they come in various sizes.

Applications:

QUANGU's XGWZJ-032-13003 is an ISO certified Artificial Fern Tree, made in China, that is highly realistic in appearance and insect

resistant. It is a type of faux plant that is easy to clean and has a life time of 3~5 years. The product is perfect for both indoor and outdoor use, and is suitable for a variety of occasions and scenarios.

For wholesale purposes, the Artificial Fern Tree is a great addition to any home decor store, garden shop, or office supply company. It is a popular item for those looking to add a touch of greenery to their indoor spaces without the hassle of maintaining real plants. Its realistic appearance makes it a great alternative to real fern trees, and it is also insect resistant, making it a low-maintenance option for customers.

For home indoor decoration, the Artificial Fern Tree can be used to enhance the beauty of any room in the house. It can be placed in the living room, dining room, or bedroom to add a natural touch to the space. Its easy-to-clean feature makes it a convenient option for busy households, as it requires minimal upkeep.

In addition to home decoration, the Artificial Fern Tree is also perfect for garden decor. It can be used to add a touch of greenery to outdoor spaces such as patios, balconies, and gardens. Its insect resistant feature makes it a great option for those who want to avoid pests and bugs in their outdoor spaces.

For hotel decoration, the Artificial Fern Tree can be used to create a welcoming atmosphere in lobbies, restaurants, and other common areas. Its realistic appearance can help create a relaxing environment for guests, and its low-maintenance feature makes it a convenient option for hotel staff.

Lastly, for office decor, the Artificial Fern Tree can be used to add a touch of nature to workspaces. It can be placed in reception areas, conference rooms, or individual offices to create a calming environment for employees. Its easy-to-clean feature makes it a convenient option for busy offices, and its low-maintenance feature ensures that it will always look great.

The Artificial Fern Tree comes in a carton packaging and has a minimum order quantity of 20. The price per unit is 16.33USD, and the delivery time is 10 days. Payment terms require a 30% deposit and 70% balance, and the supply ability is 1000 sets per month.
