Product Description

Product Description:

This artificial plant is fire retardant, making it a safe choice for your home or office. Additionally, it is waterproof, which means you can place it in any area without worrying about water damage.

The 130cm Artificial Agave Tree is a versatile product that can be used for various purposes. Whether you want to enhance the look of your living room or bedroom or want to add a touch of green to your office space, this product is perfect for you. It is also a great option for hotels, restaurants, and other commercial spaces.

The realistic appearance of the plant makes it hard to distinguish it from the real one. The intricate detailing of the leaves and stem, along with the natural-looking color, makes it a beautiful addition to any space. You can use it as a standalone piece or pair it with other faux plants to create a green oasis in any room.

The 130cm Artificial Agave Tree is easy to maintain and does not require any special care. You can use a damp cloth to clean it and keep it looking fresh and new. It is also lightweight, making it easy to move from one place to another.

In summary, the 130cm Artificial Agave Tree is a highly realistic faux plant that is perfect for interior decoration. Made of high-quality plastic material, it is fire retardant, waterproof, and easy to maintain. You can use it to enhance the look of your home, office, or commercial space. It is a great addition to any room, whether you want to create a green oasis or add a touch of nature to your decor.

Usage:	Indoor/Outdoor
Hypoallergenic:	Yes
Maintenance:	Low Maintenance
Type:	Faux Plant
Product Name:	130cm Artificial Agave Tree
Durability:	Long Lasting
Size:	130CM Various Sizes Available

Applications:

QUANGUI artificial plants are a high quality tree plant that is perfect for adding a touch of greenery to any space. The SYKSL-057-13004 model is made in China and is ISO certified, ensuring that it meets high quality standards. These artificial plants have a highly realistic appearance, making them a great alternative to real plants for those who don't have a green thumb or don't have the time to care for live plants. They are available in various sizes, with the 130CM size being the most popular.

These artificial plants are designed in a modern style, making them perfect for contemporary interiors. They are insect resistant, which means that they won't attract bugs like real plants would. However, they are not fire retardant, so they should not be placed near open flames or heat sources.

These artificial plants have a life time of 3~5 years, making them a long-lasting investment for your space. They are made from plastic, which is a durable and easy-to-clean material. The minimum order quantity is 20, and the price is 22.63USD per set. They are packaged in a carton and have a delivery time of 10 days. Payment terms are 30% deposit, 70% balance.

QUANGUI artificial plants are suitable for a variety of occasions and scenarios. They are great for use in offices, lobbies, waiting rooms, and other commercial spaces where live plants may not be practical. They can also be used in homes, apartments, and other residential spaces to add a touch of greenery to a room. They are perfect for people who are allergic to real plants, or for those who don't have the time to care for live plants.

Overall, QUANGUI artificial plants are a high quality, long-lasting, and realistic alternative to live plants. They are perfect for adding a touch of greenery to any space, and are suitable for a variety of occasions and scenarios. With their modern design style and easy-to-clean material, they are a great investment for anyone looking to add some greenery to their space.
