Product Description

Elegant Hand Carved Fiber Cement Planters For Indoor Outdoor Garden Plant Arrangements

Product Description:

These GRC Flower Planters are available in an archaic style, which is perfect for those who want to create a traditional and classic look in their garden or outdoor space. The surface of the planter pots has been treated to provide a scrub finish, which gives them a unique and textured appearance.

The GRC Planter Pots are made from cement, which is a highly durable and long-lasting material. This means that these Cement Flower Pots will be able to withstand the elements and remain in excellent condition for years to come.

In addition to their durability and style, the GRC Planter Pots are also highly functional. They are available with drainage holes, which allow for excess water to escape easily, preventing the roots of your plants from becoming waterlogged and damaged.

If you are interested in purchasing the GRC Planter Pots, you can expect a sample time of 7 days. This will give you the opportunity to see the quality and style of these plant containers for yourself before making a larger order.
