Applications:

With ISO9001 and CE certifications, this product is manufactured in China with the highest quality standards. The minimum order quantity is only 10 sets, and each set costs USD25, making it an affordable and worthwhile investment for gardening enthusiasts, landscapers, and interior designers.

The Quangui QG-374 Fiber Reinforced Planter is versatile and can be used in a variety of occasions and scenarios. Its large size allows for planting of various types of flowers, plants, and shrubs, making it ideal for outdoor gardens, patios, and balconies. The planter's waterproof and fireproof properties make it suitable for use in public spaces such as parks, hotels, and restaurants.

For indoor use, this Fibre Clay Planter can be used in residential and commercial spaces, including offices, lobbies, and shopping centers. Its long lifespan of 7-8 years indoors and 5-6 years outdoors make it a practical and sustainable choice for those looking to invest in a long-term planter solution.

The Quangui QG-374 Fiber Reinforced Planter is packaged with paper cardboard, foam, and plastic film to ensure its safe delivery. It has a supply ability of 300 sets per month, and the delivery time is approximately 30 days. Payment terms require a 30% deposit and a 70% balance upon delivery.

In conclusion, the Quangui QG-374 Fiber Reinforced Planter is a high-quality, durable, and elegant product that is perfect for a wide range of gardening and landscaping projects. Its versatility, affordability, and sustainability make it a top choice for both residential and commercial use. Order yours today!
