Product Description

Product Description:

The planter is available in three sizes: A: $\Phi 380 \times H400$ MM, B: $\Phi 330 \times H310$ mm and C: $\Phi 290 \times H260$ MM, making it suitable for a wide range of plants. The large size of the planter also allows for multiple plants to be housed, making it a great option for those looking to create a lush garden or a statement piece in a hotel lobby or on a city street.

The Fiber Reinforced Planter is also practical, with a sample time of only 7 days. This makes it easy to order and receive in a timely manner. Its durability and resistance to the elements also make it a low-maintenance option for both indoor and outdoor use.

Overall, the Fiber Reinforced Planter is a versatile and stylish choice for those in need of a modern, hand-carved planter that is both durable and practical. Its waterproof and fireproof features make it a great option for outdoor spaces, while its contemporary design will complement any indoor decor.
