Applications:

Quangui Fiber Clay Planters (Model Number: QG-158) are versatile and durable plant pots suitable for a variety of application occasions and scenarios. Made from high-quality fiber clay material, these planters combine the benefits of clay and fiberglass to create a sturdy and long-lasting product.

The reinforced clay-fiber construction of these planters makes them ideal for both indoor and outdoor use. Their ability to withstand varying weather conditions, including UV exposure and moisture, makes them perfect for placement in patios, gardens, and cottages. With drainage holes to prevent waterlogging, Quangui Fiber Clay Planters ensure proper water drainage for healthy plant growth. The customizable color options allow you to match the planters to your existing decor or create a unique look for your space.

Manufactured in China, Guangdong, these planters meet high-quality standards and come with certifications such as ISO9001 and CE. The minimum order quantity is 10 sets, with each set priced at \$23.3. Packaging details include paper cardboard, foam, and plastic film

for secure transportation.

Orders are processed with a 30% deposit and 70% balance payment terms, with a delivery time of 30 days. The supply ability of 300 sets per month ensures a steady availability of these premium clay-fiber plant pots.

Whether you are a gardening enthusiast looking to enhance your outdoor space or a professional landscaper in need of reliable planters, Quangui Fiber Clay Planters offer a practical and stylish solution. Take advantage of the sample time of 7 days to experience the quality and versatility of these plant pots for yourself.
