Product Description

Product Description:

The Fiber Clay Planter is a versatile and stylish option for your gardening needs. This Composite Clay Flower Pot features a unique Hand Carve finishing that adds a touch of elegance to any indoor or outdoor space. Its Round shape is classic and timeless, making it a perfect choice for various types of plants and flowers.

Constructed with reinforced clay material, this Cement-Reinforced Planter offers durability and sturdiness, ensuring long-lasting use. The modern design of this planter makes it a great addition to contemporary or minimalist settings, adding a sleek and sophisticated touch to your decor.

Whether you are using it for planting flowers, herbs, or small shrubs, this Fiber Clay Planter is suitable for a variety of gardening purposes. Its versatility extends beyond just a traditional flower pot - it can also be used as a Charcoal Oven, Warmer, Camping Burners Heater, or even for Barbecue purposes.

The Fiber Clay Planter comes in three different sizes to suit your specific needs. Option A has a diameter of D270 and a height of 325, providing ample space for your plants to grow and thrive. Option B offers a larger size with a diameter of D345 and a height of 405, ideal for larger plants or arrangements. Option C is the largest size available, with a diameter of D430 and a height of 480, perfect for creating a statement piece in your garden or home.

With its high-quality construction and modern aesthetic, the Fiber Clay Planter is a practical and stylish choice for any gardener or home decorator. Whether you are looking to add greenery to your living space, create a focal point in your garden, or simply elevate the look of your outdoor area, this planter is sure to meet your expectations.

Applications:

The Fiber Clay Planter by Quangui (Model: QG-224) is a versatile and durable gardening accessory that is perfect for a wide range of application occasions and scenarios. Made with high-quality fiber clay material, this planter is suitable for both indoor and outdoor use, making it an ideal choice for homes, offices, restaurants, hotels, and other commercial spaces.

Thanks to its weather-resistant properties, the Fiber Clay Planter is capable of withstanding various environmental conditions, ensuring that it can be used in gardens, patios, balconies, and even in public parks. The planter's sleek and modern design adds a touch of elegance to any setting, making it a popular choice for interior decorators, landscapers, and gardening enthusiasts.

Whether you are looking to create a stunning floral display, grow your own herbs and vegetables, or simply add a decorative element to your space, the Fiber Clay Planter is the perfect solution. With its customizable color options, you can match the planter to your existing decor or create a bold statement piece that stands out.

The Fiber Clay Planter from Quangui is not only stylish but also practical, featuring drainage holes to prevent overwatering and promote healthy plant growth. Its long lifespan of 5-6 years outdoors and 7-8 years indoors ensures that you can enjoy your plants for years to come without worrying about replacing the planter frequently.

For businesses looking to source this high-quality product, Quangui offers a minimum order quantity of 10 sets at a competitive price of \$8.9per set. The packaging details include paper cardboard, foam, and plastic film for secure transit, with a delivery time of 30 days and payment terms of 30% deposit and 70% balance.

With a supply ability of 300 sets per month and certifications such as ISO9001 and CE, Quangui's Fiber Clay Planter is a reliable and trusted choice for all your gardening needs. Whether you are a retailer, landscaper, or interior designer, this versatile product is sure to enhance any space it occupies. Don't miss out on the opportunity to elevate your gardening experience with the innovative and durable Fiber Clay Planter from Quangui. Order your samples today and discover the endless possibilities for creating beautiful and thriving plant displays in any environment.
