Product Description

Product Description:

The Fiber Clay Planter from Quangui is a versatile and durable gardening essential that will enhance the beauty of your outdoor or indoor space. Crafted from high-quality fiber clay material, this planter is designed to withstand the elements and last for years to come. With a life span of 5-6 years when used outdoors and 7-8 years when used indoors, this planter is a long-lasting and reliable option for your gardening needs. The durable construction of the fiber clay material ensures that it is waterproof, fireproof, and lightweight, making it easy to move around your space as needed.

Whether you are using it for planting flowers, herbs, or small shrubs, this Fiber Clay Planter is the perfect choice for adding a touch of greenery to your home, garden, or patio. The two available sizes, A:Φ350*H400B:Φ280*H320 provide options to suit your specific planting needs and space requirements.

In addition to being a stylish and functional planter, this product can also be used for other purposes such as a charcoal oven, warmer for camping burners, heater, or barbecue. Its versatility and sturdy construction make it a multipurpose item that is sure to become a staple in your outdoor or indoor space.

Enhance your gardening experience with the Fiber Clay Planter from Quangui. Its durable, waterproof, and fireproof design, combined with its lightweight construction and long lifespan, make it an ideal choice for any gardening enthusiast.

Applications:

Fiber Clay Outdoor Planters, also known as Clay-Fiber Plant Pots, are versatile and durable gardening containers suitable for various occasions and scenarios. The Quangui QG-285 model, originating from Guangdong, China, is a premium product certified with ISO9001 and CE standards, ensuring high quality and reliability.

These Fiber Clay Planters are perfect for both indoor and outdoor use, making them ideal for residential gardens, commercial spaces, and landscaping projects. The hand-carved finishing adds a touch of elegance and sophistication to any environment, enhancing the overall aesthetic appeal.

With drainage holes to prevent waterlogging, these round-shaped planters are designed to promote healthy plant growth by allowing excess water to escape. The long lifespan of 5-6 years outdoors and 7-8 years indoors guarantees long-term satisfaction and value for customers.

The minimum order quantity of 10 sets at a competitive price of USD 16.5 per set makes these Fibre Clay Planters accessible for both individual buyers and bulk purchasers. The packaging details include paper cardboard, foam, and plastic film to ensure safe transportation and delivery.

Customers can enjoy a sample time of 7 days to evaluate the product before placing a larger order. The 30-day delivery time, along with flexible payment terms of 30% deposit and 70% balance, offers convenience and peace of mind to buyers.

With a supply ability of 300 sets per month, Quangui Fiber Clay Outdoor Planters are readily available to meet various gardening needs. Whether used for planting flowers, herbs, or small shrubs, these plant pots provide a stylish and durable solution for any planting project.
